Pathway Chat is a friendly one-on-one chat with someone who works in a local business or industry. It's a chance to ask questions, learn about jobs, and get helpful tips to move forward.

These chats are relaxed – not an interview – and they're for anyone thinking about work or study options.

- Find out what a job is really like
- Learn what employers look for

Who is it for?

- Students thinking about future jobs
- People looking for work
- Anyone wanting to try something new
- Anyone who needs a bit of help to get job-ready
